c. LPG Sales (domestic) and enrolment (domestic) as on 1.4.24 refers to the period Apr'23-Mar'24

* "The LPG coverage is calculated by PSU OMCs based upon the active LPG domestic connections and the estimated number of households. The number of households has been projected by PSU OMCs based on 2011 census data. Factors like increasing nuclearization of families, migration of individuals/ families due to urbanization and reduction in average size of households etc. impact the growth of number of households. Due to these factors, the estimated no. of households through projection of 2011 census data may slightly differ from the actual no. of households in a State/UT".

11. LPG Waiting list

PPAC has removed LPG waiting list item from this report as there is no waiting list in India due to following reasons:

- OMCs are providing LPG connections on demand in the country. Request for a new LPG connection is immediately registered in the system by the concerned OMC Distributor and connection is duly issued after system driven de-duplication checks.
- Customers also have the option of applying for a new LPG connection online with online payment as well. Therefore, now a customer can avail a new LPG connection without visiting the concerned LPG Distributorship.

12. Beneficiaries covered under various schemes

Figure 22: BPL customers (in lakhs) covered under various Schemes as on 1.4.2024

- The PMUY scheme has covered around 10.33 crore poor women beneficiaries since its launch in May 2016 which is more than the total number of beneficiaries covered under State Government schemes and CSR funds of OMCs till 1.4.2024.
- Southern region dominates in respect of coverage of beneficiaries under State sponsored schemes with around 1.16 crore customers covered mainly in the states of Andhra Pradesh, Tamil Nadu, & Telangana. Only 108.1 lakhs PMUY connections have been issued as on 1.4.2024 in Southern region, presumably because a large number of BPL families were already covered through State sponsored schemes.

Chapter-4 Parallel Marketing System (PMS) of LPG

14.Parallel Marketing System (PMS) of LPG in India

- LPG marketing in India is carried out by public sector oil marketing companies (i.e. IOCL, BPCL and HPCL) as well as by private parties under the Parallel Marketing System (PMS). Under PMS, private parties can import LPG and market imported LPG in the country at market determined rates. No subsidy is available from Government for sales by PMS in the domestic segment.
- As per information received by PPAC from 105 parallel marketeers (PMs), they had sold 143.7 TMT during the month of March'24 and 2060.4 TMT during FY 2023-24. This amounts to a market share of 6.5% for PMs in total LPG sales (PSU+PMs). Out of the total LPG sold in the country, 83.5% was in the domestic segment, 15.3% in the commercial/bulk segment and the balance 1.2% in the automotive segment. The sector wise market share of PMS in total LPG sale (PSU+PMS) of the sector was around 1.0% in the Residential (domestic), 30.7% in the commercial/bulk segment and 77.8% in the automotive segment during FY 2023-24.
