## **Suggestions and Feedback**

Readers are invited to send their suggestions & feedback for improvement of the document to:

Poonam Mittal, Additional Director (Marketing)  
Petroleum Planning & Analysis Cell (PPAC)  
(Ministry of Petroleum & Natural Gas, Government of India)  
SCOPE Complex, 2<sup>nd</sup> Floor, Core 8,  
Lodhi Road, New Delhi-110003  
Email: [poonam.m@ppac.gov.in](mailto:poonam.m@ppac.gov.in)

Ravindra Kumar, Joint Director (Marketing)  
Email: [ravindra.kumarrajput@ppac.gov.in](mailto:ravindra.kumarrajput@ppac.gov.in)

## **Acknowledgement**

PPAC thanks IOCL, BPCL and HPCL for providing useful inputs for inclusion in this document.

## **Disclaimer**

While every care is taken to check the accuracy of the data & information included in this document, PPAC would not be held responsible for any loss, damage etc due to action taken by anyone based on information contained in this document.

## **Summary of LPG Profile**

The salient points of LPG marketing as brought out in the LPG Profile for the period April-Sep 2022 (i.e. as on 1<sup>st</sup> Oct 2022) are as under: -

1. PSU OMCs (IOCL, BPCL and HPCL) together have 31.23 crore active LPG customers in the domestic category which are being served by 25,326 LPG distributors. The LPG coverage of the country estimated on the basis of active domestic connections and estimated households as on 1<sup>st</sup> April 2021 is around 99.8%.

The LPG coverage is calculated by PSU OMCs based upon the active LPG domestic connections and the estimated number of households. The number of households has been projected by PSU OMCs based on 2011 census data. Factors like increasing nuclearization of families, migration of individuals/ families due to urbanization and reduction in average size of households etc. impact the growth of number of households. Due to these factors, the estimated no. of households through projection of 2011 census data may slightly differ from the actual no. of households in a State/UT. Further, this methodology does not include PNG (domestic) connections.

2. PSU OMCs have a total of 205 LPG bottling plants all over India with rated bottling capacity of around 21.86 million metric tonnes per annum (MMTPA).
3. PSU OMCs sold nearly 14.09 Million Metric Tonnes (MMT) of packed domestic LPG during April -Sep 2022.
4. 70 lakh new domestic customers were enrolled by PSU OMCs during April -Sep 2022. During the same period, PSU OMCs have added 57 distributorships.
5. PSU OMCs have a total of 570 Auto LPG Dispensing Stations all over India for catering to LPG demand in the automotive sector.

## LPG MARKETING AT A GLANCE

\*The estimated no. of households as on 1.4.2021 is arrived at using household growth rate during the decade 2001-2011 as per Census 2011

The LPG coverage is calculated by PSU OMCs based upon the active LPG domestic connections and the estimated number of households. The number of households has been projected by PSU OMCs based on 2011 census data. Factors like increasing nuclearization of families, migration of individuals/families due to urbanization and reduction in average size of households etc. impact the growth of number of households. Due to these factors, the estimated no. of households through projection of 2011 census data may slightly differ from the actual no. of households in a State/UT. Further, this methodology does not include PNG (domestic) connections.

# PMUY Pradhan Mantri Ujjwala Yojana - The number shown under PMUY refers to Subscription Vouchers (SV) issued.

Source:PSU OMCs (IOCL,BPCL and HPCL)

## Parallel Marketing System (PMS) of LPG in India

- LPG marketing in India is carried out by public sector oil marketing companies (i.e. IOCL, BPCL and HPCL) as well as by private parties under the Parallel Marketing System (PMS). Under PMS, private parties can import LPG and market imported LPG in the country at market determined rates. No subsidy is available from Government for sales by PMS in the domestic segment.
- As per information received by PPAC from 101 parallel marketeers (PMs), they had sold 127.7 TMT during the month of Sep 2022 and 687.65 TMT during the period April – Sep 2022. This amounts to a market share of 4.7% for PMs in total LPG sales. Out of the total LPG sold in the country, 84.6% was in the domestic segment, 14.2% in the commercial/bulk segment and balance 1.3% in the automotive segment. The market share of PMS was around 0.8% in the domestic segment, 21.4% in the commercial/bulk segment and 71.4% in the automotive segment during April – Sep 2022.

Sector-wise share of LPG sold by parallel marketeers
